### Use Our Deals & Savings

As a new grad you are eligible for savings with our bridge membership as well as discounts from our MSRT partners.

### Make a Difference

Join MSRT members on charity runs and walks around Massachusetts

*"Through the MSRT, I was given the opportunity to travel to Florida to attend the ASRT's Student Leadership Academy. While there I had the chance to interact with both experienced and newly registered technologists. Attending the conference made me realize the importance of networking and communicating with others in my profession. I am forever grateful to the MSRT and am honored to have the role of Member-at-Large this year. "*

*-Brenna Lapsley*

## CLICK TO JOIN TODAY!

Learn from expert speakers at our live lectures

## + New for 2015

### Now you can earn up to 8 CEUs at no additional charge.

As a part of our continued efforts to serve the membership, the MSRT is proud to offer 8 CEUs at no cost with your membership. Spread the word about this great new benefit and help us to keep it going!

Attend our MSRT ½ day seminars and earn up to 4 CEU credits in one morning. Our engaging speakers come from a variety of backgrounds. They include medical professionals, equipment and technology experts, physicians, and leaders in your field. Come and learn about the latest technological advancements, expand your knowledge of procedures and practices, and keep up to date with the latest in radiation safety. Click the heading to head to our online events calendar.

14 CEUs in 2 Days

Student Buzz Bowl  
and events

The largest gathering  
of RTs in the State.

An opportunity to  
meet with leaders in  
your field.

## The annual conference.

The MSRT hosts an annual conference each year in April. The two-day conference provides up to 14 CEUs to all members attending and a meeting just for Educators. Technologists can enjoy socializing with other professionals and network with those that share similar interests. Come and watch the exciting lectures, share a meal with friends and colleagues, begin building your career, and meet leaders and innovators within your chosen profession. Student members will enjoy a variety of events specifically for them as well. Don't miss the opportunity to win glory for your college or clinical site team in our annual Buzz Bowl trivia competition, show spirit at the student dance, and win big at the raffle. Click the heading to visit the annual conference section of our website.

## Scholarship opportunities for members and student members alike.

The MSRT is proud to offer scholarships to both technologist and student members. Whether you are a technologist seeking to further your career or student making your way through school, the MSRT is here to help. Your society is devoted to fostering a community in which learning is valued and rewarded. The deserving winners are granted their scholarships each year at our Annual conference. Please consider a donation to these scholarships during our annual drive.

Your state society also provides opportunities for enhancing your leadership skills. Two students from the State of Massachusetts are selected by the MSRT each year to attend the ASRT's Educational Symposium as representatives free of charge. The lucky 2015 winners are pictured to the right. Click the picture to visit our scholarship page.

## Networking

Connect with friends and other professionals in your field.

## An offer exclusively for new graduates.

The MSRT understands the concerns of graduating students in today's economic climate. To better serve you we now offer a "Bridge" Membership. This membership will allow you to take advantage of all the benefits MSRT membership provides, while deferring some of the cost. Click "Bridge Membership" to join!

## BRIDGE MEMBERSHIP

30% savings!

As a new Graduate you pay only **\$70** for two years.

## Advocacy efforts.

In the ever evolving field of healthcare, it is important to have a group who shares your interests. The MSRT is here to provide a platform through which our collective voice can be heard. Our goal will always be to protect and advance the profession. Massachusetts represents a powerful force in the Radiologic Community, a fact which has been recognized on a national level. The MSRT is proud to report that we've been accepted into the ASRT's affiliate advocacy program. Consider joining us in our efforts and take control of your future!

## New website and facebook page.

The MSRT, with the assistance of the ASRT's affiliate development program, was able to completely redesign our existing website. The new site is optimized for viewing on your mobile devices and includes a cleaner design, easier navigation, and an enhanced member section.

Visit our new site by clicking the logo above and see the difference. Check back regularly for updates on our latest events and news. Don't forget to like us on Facebook as well. It's one of the quickest ways to stay connected.

## We can approve CEUs too.

Click this heading to visit the ACE Approval Program Section of our website

### + Get live lectures approved for credit!

Are you a manager, educator, or looking to offer continuing education through your institution? Why not use the MSRT's ACE approval program. Your state society can approve live lectures valid for technologists licensed in Massachusetts. Our education councilors will review your lecture, categorize it appropriately base on content, and provide you with the necessary documentation to hold the lecture at your facility.

### + Looking to get credits for college courses?

If you are a technologist attempting to further your career, those courses in biologic or radiologic sciences, management, healthcare, or education may be eligible for continuing education credit. If the coursework falls within your current biennium, see our websites for a more in depth description of the courses that can be used for credit.

### + You can get credits from other sources categorized too.

Unsure if a lecture falls into the category you need? Send it to the MSRT for a categorization. The MSRT's education councilors can match the lecture content to our content specifications and determine a category for the lecture you attended.

## Get involved.

The MSRT Board of Directors is comprised entirely of volunteer members like you. We encourage you to attend a board meeting in person or via conference call to learn more about your society. Perhaps you would like to share your expertise by volunteering to serve on one of our committees? Choose from Annual conference, Education, Scholarship, Historical, Governance, Marketing, Social Media, and more. For more information on volunteer opportunities please e-mail Mary-Anne O'Donovan at [msrt-ma@comcast.net](mailto:msrt-ma@comcast.net) or contact any board member.

## Make a difference.

The MSRT believes in the importance of giving back to the community. Our partner charity, Homes for Our Troops (HFOT), provides our technologist community with the chance to get together and make a difference. On September 20th, 2014, fifteen MSRT members got together to build for bilateral amputee soldier aided in landscaping for a modified house build in New Hampshire. The Society is committed to providing its membership with these types of enriching activities in the future.

In addition to our participation in charity events, the Society also raises funds for HFOT. Through the generosity of our membership, speakers, and vendors the MSRT was able to raise an impressive \$1,595 over the course of the year. These funds will help to build specially adapted homes for severely injured veterans.

## \$ 1,595 Raised!!

**BUILDING HOMES, REBUILDING LIVES**

*Providing specially adapted homes for our nation's most severely injured Veterans of post 9/11.*
